Pine Instrument Company has an immediate opening for a Junior Software Engineer to join its software development team.

Purpose of Junior Software Engineer

Under the tutelage of senior, experienced staff, the software engineering position will encompass design, development, test, deployment, maintenance, and technical support of Microsoft Windows-based .Net applications, Microsoft Office-based applications, and Linux-based machine control applications. This is an on-site, hands-on and interactive position.

Essential Functions

- Develop and support:
 - Microsoft Windows-based .Net applications used to support manufacturing operations
 - Microsoft Office-based applications used to support manufacturing operations
 - Linux-based machine embedded control applications
 - Additional software utility applications that support the primary applications above, such as those to aid in the manufacture and testing of instrumentation produced by Pine
- Participate in new and ongoing product development
- Produce documentation regarding this software when required, both internal function and user guides
- Interact with internal customers in a "technical support" role

Minimum Requirements

- Bachelor's degree in computer science or related field
- Knowledge of Microsoft Development Tools
- Effective interpersonal, communication, and organizational skills
- Able to work independently when required to do so
- Fluent in English language (verbal and written)
- Must be legally authorized to work in the USA

The Chosen Candidate Will Enjoy

- A sound and well-established company
- A healthy work environment
- A balance of work, life, and family
- A competitive salary with excellent benefits:
 - Medical, Dental, and Vision Insurance
 - HRA and FSA
 - Life, A.D.&D, Short-term Disability, Long-term Disability Insurance
 - 401k Match and Profit Sharing
 - Educational Assistance Program
 - Immediate Paid Time Off (PTO)
 - Immediate Unpaid Time Off (UTO)

Thriving at PINE Instrument Company requires embracing the Pine Vision of Success:

Lead with Compassion - Follow with Respect - Interact with Integrity - Labor with Diligence - Invest with Wisdom
